2030

SUSTAINABLE DEVELOPMENT GOALS

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a **global partnership**. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that **improve health and education, reduce inequality, and spur economic growth** – all while tackling **climate change** and working to preserve our oceans and forests.

EARLY EDUCATION IN INDONESIA

LAND OF PARADISE

But...

ENIVITABLE POVERTY AND PROBLEMATIC CONDITION IN EDUCATION

Poverty

Increase of gross enrollment rate for early education from 25.8% to 32.11%, but still under 50% (2018, World Bank)

Access to early education services has been unequal

Child labor

Malnutrition

Inadequate facilities

Access to schools or kindergartens in remote areas is difficult

ACCESS TO EARLY EDUCATION SERVICES HAS BEEN UNEQUAL

Last year,
village government gave incentive for the teachers,
