

## Entering the Job Market – Internship Search and Career Entry for International Students in Germany

*A joint event by STUBE Hessen and the Future Engineering Career Programme of TU Darmstadt*

**Tuesday, 25<sup>th</sup> November 2025, 4:00-7:00 pm**

**Online, free of charge**

How do I find an internship or entry-level job in Germany? Where should I look, and how can I prepare a convincing application? What kind of support and funding opportunities are available? And how can international students turn practical experience in Germany and abroad into a career advantage? This event provides essential guidance for international students of hessian universities who are preparing for internships or their first steps into the German job market. Professional advisors, alumni, and scholarship holders will share their expertise and personal experiences. Participants will receive insights into the German labor market, application processes and opportunities such as STUBE Hessen's BPSA scholarship program for career-related internships abroad.

### Schedule

4:00 pm	<b>Welcome and Introduction</b> Speakers: Eileen Paßlack-Runkel (Future Engineering Career Programme, Department International Affairs, TU Darmstadt), Leo Winnubst (STUBE Hessen)
